Session 2: Java for FTC
Join one or both!

- Completely beginner friendly!
- Grades 7 and up and free of cost!
- Small assignments to establish learning
- Tuesdays and Thursdays each week for 1½ hours

Meet the instructor!

Hello! My name is Advika Chaudhari. I'm an incoming sophomore at Eastview High School with an interest in Computer Science. Outside of school, I am a part of two robotics teams as Lead Programmer. I love all things technology, but I also love to read and bake! Fueled with a passion for STEM, I really enjoy introducing others to it.
